

AUTOMOTIVE SCIENCE & TECHNOLOGY

Year 1- 3 Elective Credits

*Year 2 - 2.0 Elective Credits and 1.0 Science Credit
(1.0 Math Credit recommendation available
with additional independent study)*

ABOUT THE PROGRAM

Automotive Science and Technology is a two-year program that meets for just over two hours per day, five days per week. The rigorous curriculum is designed to prepare students for College and/or Career opportunities. Common Core and National Science standards are an integral part of the automotive curriculum; subsequently, students study scientific principles as they're applied to the design, operation and service of a modern automobile. Students will learn how engines work, troubleshoot common engine problems and fuel system issues, analyze and complete vehicle manufacture repair algorithms. Students disassemble a modern vehicle engine, use micrometers, dial indicators to measure engine components, build and test electrical circuits, complete basic vehicle maintenance procedures and operate machinery associated with lifting a car, changing / balancing wheels and performing wheel alignments.
