ABOUT THE PROGRAM

Imagine spending more than 2 hours of your school day on art, every day. Our Design & Illustration program pushes art students to become masters in visual creative problem solving and self expression by immersing them in a wide array of artistic mediums. Study all aspects of graphic design on an iMac loaded with industry standard Adobe Creative Cloud software. Work towards mastering drawing in our figure drawing and still life studios. Paint, collage, sketch or do whatever you love in a Visual Journal. Learn to take professional portraits and fine art photographs with a DSLR camera or animate on a Wacom Cintiq digital illustration tablet. Design & Illustration will expose you to many artistic mediums and put the best tools and technology in your hands, all while helping you (one-on-one) to build your strongest portfolio for applying to schools, or to continue your artistic practices in life after high school.
