

PRE TECH

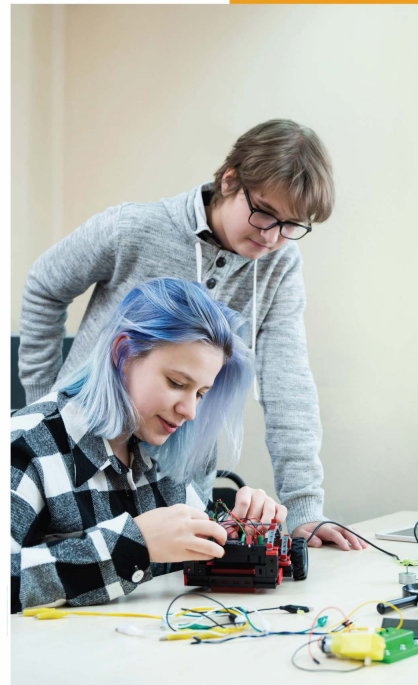

INNOVATION, TECHNOLOGY & DESIGN

ABOUT THE PROGRAM

BTC PreTech @ CVU is an introduction to the fundamental skills necessary to be successful in a mechanical or engineering program at a career technical center.

The course is taught through a blended approach of hands-on activities, project based learning, and instructional presentations.

Skills include measuring, hand tool familiarity, architectural and mechanical drafting, blueprint reading and engineering fabrication and design, as well as providing college and career readiness.

3 credits:

1 Science
1 Math
1 English

(including ICC curriculum)
